

NateSilver538. (2023, March 2). *2022-23 NBA predictions*. FiveThirtyEight. Retrieved March 2, 2023, from <https://projects.fivethirtyeight.com/2023-nba-predictions/>

This data set is about the 2022-2023 NBA predictions and how the seeding is going to end up. In this set you can see all of the teams' records, shooting stat, rebounds, assists, etc. You will also see the percentage of each team and how they will finish the season.

Columns Included:

- Current team and their conference- Team name and they're in the east or west
- Projected record- There are stats that show people predictions on how the team will finish
- Chances of making the playoffs- %%% of the probability of each team making it
- Chances of winning Finals- %% to see if their team will make it all the way
- Current rating- The rating of each team from best to last so far
- Point diff.- Difference of point for every game, meaning how much they win or lose by.
